**Virginia Health Information Publishes HMO Cost & Quality Report:
 Virginians Choosing HMOs Reaches Six-Year High**

Richmond, VA – In the ever-changing healthcare landscape, consumers are more interested than ever about the cost, availability and quality of their healthcare plan. Virginia Health Information (VHI) has published its Compare HMOs report to help consumers find, compare and choose the HMO that best meets their needs. Over 1.3 million Virginians are enrolled in HMO plans and for good reason as HMOs can be an affordable option.

Compare HMOs, available at <http://www.vhi.org/healthinsurance/HMOCompare.asp>, is part of VHI’s free Consumer Guide to Health Insurance Options, a comprehensive guide helping Virginia consumers and employers learn about health insurance options. Based on feedback from businesses, consumers and health insurance companies, VHI includes over 60 measures covering how quickly care is provided, satisfaction with doctors, screening for cancers, providing the right care and more. With the Affordable Care Act (ACA) open enrollment period ending on December 15th, this tool is the perfect supplement for consumers making those tough decisions.
