

JOHNSTON MEMORIAL  
HOSPITAL

Note to the Acute Care Hospital Efficiency and Productivity Profile:

In FY07, we had an overall change in our investment policy and portfolios, so the cash provided by operating activities and by investing activities looks skewed for Cash Debt Coverage and Return on Asset ratios.

Actual Ratios are:  
Cash Debt Coverage 5.06  
Return on Assets 5.36%

Sincerely,

Timothy G. Evans
